Caring in the Workplace

Chaplain Position – Full-Time – Spanish Fluency Preferred – Asheville, NC

Who We Are

Are you called to use your gifts to care for the needs of others? Are you passionate about sharing the gospel of Jesus Christ? At Corporate Chaplains of America our mission to build caring relationships with the hope of gaining permission to share the life changing good news of Jesus Christ in a nonthreatening manner, is at the core of everything we do. We are the leading full-time corporate chaplaincy agency in America, providing chaplaincy services to more than 106 thousand workers in the US and Canada.

What We Are Looking For

CCA chaplains love to build relationships through confidential, permission based, weekly direct contact with employees, schedule more personal one-on-one care sessions with employees who present with specific needs, and are on call 24/7 for emergency care. Each one of these encounters builds trust, and hopefully an opportunity for the chaplain to gain permission to share the hope of Jesus Christ.
